

EASTERN MAINE COMMUNITY COLLEGE

Owner: Eastern Maine Community College

Scope of Work: Energy Retrofit / Building Envelope Renovations

Estimated Cost:
\$768,000

Location: Bangor, Maine

This project involves the mechanical, electrical, interior, and building envelope upgrades to the Acadia Hall Dormitory located on the Eastern Maine Community College Campus. The dormitory is a four-story, concrete block/concrete plank/brick veneer structure. The general scope of work includes mechanical, site conditions, building envelope, electrical and technology, and interior. Work will include, but is not limited to: site improvements, selective building and site demolition, hazardous material abatement, interior painting, interior signage, membrane re-roofing, metal panel siding, flooring, EIFS, gypsum wallboard, windows, mechanical, electrical, and plumbing.

Building envelope renovations for this 24,000 square foot building will be completed in the Summer of 2011.
